B. Reading Comprehension (16 Marks)

Read the following passage, then answer the questions below:

Dr. Sarah is a famous scientist who studies animals. Every day, she wakes up early, has a quick breakfast, and fills her bag with tools and equipment before she goes to the forest. Sarah loves watching birds fly and listening to the sounds of nature.

In the forest, she is careful and quiet because she does not want to frighten the animals. She sits near the trees and watches animals closely. She often writes notes about what she sees. When she sees something special, she takes pictures of them. In her free time, Sarah enjoys painting pictures of the animals she studies. In the future, she plans to write a book about animals in Brazil.

Sarah's job is exciting, but it needs a lot of work. She spends hours studying animals and writing what she finds out. When she returns home, she reads her notes and prepares to share them with other scientists. Her work helps people learn about nature and how to protect it.
