II - Reading Comprehension :-

Read the following passage, then answer the questions below:- (234words)

Every year many people are involved in road accidents. Some people are killed and many are injured or hurt. So, it's important to learn to use the roads **properly** and safely. No sane person would like to be involved in accidents as the roads are very busy nowadays. We should be very careful when crossing one or use overhead bridge whenever one is available. Never cross a road by dashing across it. Some of us take the bus to school. It's important that we don't try to get on or off a bus while it is still moving. I tried to get on a moving bus once. **It** dragged me a short distance and nearly ran over me. I was lucky to escape with only some scratches on my legs. A suddenly lurch can send us knocking our heads against something hard.

Using a bicycle can be dangerous too. We must pay attention on the road and never cycle too far out of the middle of the road. We must make sure that our bicycles are in good condition with brakes, lights...etc.

However, there is no guarantee that we will never be involved in accidents. The important thing is to stay alert at all times while using roads. We shouldn't use the mobile phones while driving. We should use the seat belt. If we use the roads carelessly, we may never use them again.
