People can travel to it by air or sea. Australia is known for its wide open spaces, beautiful landscapes, and clean environment. Many people around the world are interested in visiting Australia because it is very different from other countries in terms of nature, wildlife, and lifestyle.

One of the most famous features of Australia is its **unique** wildlife. Animals such as kangaroos, koalas, wombats, and emus live there and can not be easily found in other parts of the world.
