**Make  
vehicles**

## Read the text and complete the table that follows:

**1**

There were inventions in the past. Even more people started inventing. About 2,000 years ago, people invented the wheel, machines and

ancient Egyptians were skilled glass makers. The things they made were probably **beads**, for jewellery. The ancient Romans spread the skill of glass making from Egypt to the rest of the world. They made glass bottles and cups, and they also discovered how to make clear glass. They were the first people to use glass windows.

www.KweduFiles.Com

**3** The Chinese invented fast food about 3,500 years ago. They made noodles from flour and water and delicious sauces, in cities around China.

**4** Today you can buy chicle anywhere in the world. Until 1870, however, it was only known in Mexico. Chicle comes from the Sapodilla tree. If you cut in the tree, a thick, milky liquid comes out. This liquid becomes gum and tastes very good. The Mexicans used the gum for themselves. While searching for sapodilla trees, they found the **ruins** of many cities from the past.

**The Mexicans made chewing gum for themselves.**

## b. Complete the following sentences:

1. You can't go to school by **yourself**
2. The president **himself** came to our school.
3. My sister made a delicious cake by **herself**
4. I did the homework by **myself**

Subject pronouns	Reflexive pronouns
I	myself
you	yourself
he	himself
she	herself
we	ourselves
they	themselves
you	yourselves

## Speaking

6

In pairs, choose an invention and discuss the following questions:

- Why was it invented?
- Who uses it?
- How did it change our lives?
- How would you like to improve it?

www.KweduFiles.Com  
**The Internet**

**It was invented for communication.**

**Most people use it nowadays.**

**It made our life easy.**

**I would like to make it free for all people.**

# Greatest Inventions of all time

78

## Listening

- 1 Sort the following inventions according to their importance to you:

4

2

6

3

1

5

electric light

fridge

television

car

internet

computer

10.1 a. Listen to the dialogue which took place between Nada and Fatima many years ago, and fill in the table with what they thought were the five most important inventions:

No.	Inventions	Reasons
1	The computer	It is used for everything.
2	The fridge	It is used for keeping food.
3	The television	It is used for watching things.
4	The Internet	It is a source of information.
5	The electric light	It is used for lighting .

b. If you met Nada and Fatma today, what would you tell them about today's 5 most important inventions? How about in 2050?

### 3 Grammar in context a few/a little/many/much

**many/ a few + a countable noun** → There are a few books about the history of inventions in our school library.

mainly  
about  
games

**much/a little + an uncountable noun** → I save a little money every month.

**much** is mainly used in negative sentences and questions.

a. Fill in the table with words from the list:

~~kilos~~ - butter - shoes - money - months - photos - sand - milk - ~~rice~~ - dinars

[www.KweduFiles.Com](http://www.KweduFiles.Com)

a few	<b>kilos</b>	<b>shoes</b>	<b>months</b>	<b>photos</b>	<b>dinars</b>
a little	<b>rice</b>	<b>butter</b>	<b>money</b>	<b>sand</b>	<b>milk</b>

## b. Complete the following sentences with *a few / a little / much / many*:

1. I haven't got ... **much** time, we'll have to talk fast.

www.KweduFiles.Com

2. There will be ... **a little** rain this week.

3. I have ... **a few** close friends. It's hard to find a true friend.

4. There aren't ... **many** extra chairs in our classroom, we need more.

## Speaking and Writing

4

a. Work in groups to decide on an invention that you cannot live without.

[www.KweduFiles.Com](http://www.KweduFiles.Com)

- Name the invention and explain how important it is for you.
- Discuss how the world would be different without it.
- Take notes, then tell the class about your decision.

**b. Write an opinion paragraph explaining why you think your invention is important.**

The Internet is a very important invention for me. It helps me to keep in touch with my friends and relatives. It saves my time and effort. I can get a lot of information on it. I think that the world will be a difficult place without the Internet.

**Checklist:**

- Did I include a topic sentence stating my main idea?
- Did I add supporting details to develop the topic sentence?
- Did I end with a strong concluding sentence?
- Did I edit my paragraph?

# Inventors who changed the world

## Informative Text

### 1 Before you read Think, Pair, Share

- Make a list of famous inventors you know. Then compare your list with other groups.

**1- Thomas**

**Edison**

[WWW.KweduFiles.Com](http://WWW.KweduFiles.Com)

**2- The Wright Brothers**

**3- Benjamin Franklin**

**4- Alexander Bell**

**5- Tim Berners Lee**

Read the following text and choose the correct answers:

## Willis Carrier: The Father of Air Conditioning

strike anywhere. On a foggy day in 1902, he had an idea that he could invent the first **electrical** air conditioner.  It was designed for people,

and to control the **humidity** at his printing

use the water was ruining paper. In 1915, he

**founded** Carrier Corporation, a company that sells heating

and air conditioning systems. In 1999, he was named one of

TIME magazine's "100 Most **Influential** People of the 20th Century".

### Father of Cool

1. The writer's purpose is to .....
- a. compare the three inventors.
  - b. explain how genius can strike anywhere.
  - c. give information about great inventors.
  - d. describe how people become inventors.
2. The underlined pronoun '**it**' in the **1<sup>st</sup> paragraph** refers to .....
- a. genius
  - b. day
  - c. idea
  - d. air conditioner
3. The underlined word '**profitable**' in the **last paragraph** means .....
- a. powerful
  - b. advanced
  - c. helpful
  - d. beneficial

3 Read the text again to answer the following questions:

1. Why did Willis Carrier invent the first air conditioner?

To control the ~~humidity at his printing company.~~

2. What did Sadeq Qasem receive the title of "Arab Inventor" for?

For his invention 'Alchemist'.

3. How did Steve Jobs contribute to the development of Apple?

He played a key role in the creation of Apple II, MacBook, iPod, iPhone and iPad.

4

If you could invent one thing that would make your life easier, what would you create?

a. In groups, think of a new invention that does not exist. Name the invention, describe it and make notes of its uses and benefits. Then, select a member to present your invention to the class.

b. In your notebook, plan and design a presentation describing your invention by answering the following questions:

What does the invention look like? (shape/ size/ colour..etc)

What does it do? (different uses)

Why is it important? (benefits)

You can draw a picture of your invention.
