**Read the following passage, then answer the questions below:**

A tree is a tall plant with a trunk and branches made of wood. Trees can live for many years. The four main parts of a tree are the roots, the trunk, the branches and the leaves. Trees are a part of every living being's life. They are the **provider** of oxygen to the world. They give out oxygen. We need oxygen to breathe and to live. Trees are important because they purify the air. They clean the air from the dust to keep the atmosphere clear and fresh.

Trees are used to make paper, medicine and furniture. People in the village make their food by burning woods. Trees are also the homes for many animals. Also, birds make **their** nests and live there. Trees are a safe place for birds and animals in hot and humid weather. The shadow of trees helps people and animals feel cool in hot sunny days. Trees are so valuable; we should plant more and encourage people to grow more trees on this planet.
