## B) Reading Comprehension: (16 Marks)

**Read the following passage carefully, then answer the questions below:**

⊙ 16

Milk is a white liquid made by animals, like cows, goats and camels. Because newborn babies have no teeth, they must be given milk before they can eat **solid** food. It helps babies grow and be healthy. It is rich in calcium which makes our bones and teeth strong. Milk is full of many important vitamins and minerals. This makes milk important for babies and growing children. It makes **them** grow up stronger.

Milk is one of the best things we can drink daily for our body. It tastes pretty good too. When I was little, I didn't really like milk. I remember drinking it again when I was a teenager and I liked it so much. Now, I think it's one of the most refreshing drinks you can drink. Just looking at its whiteness makes me feel healthy. I like all kinds of milk, including goat's milk and even camel's milk. Children enjoy mixing milk with chocolate. My mother and father like milk with coffee like many other parents.
