**VI- Reading Comprehension (80 Marks)**

**Read the following passage carefully, then answer the questions below:**

Clothing is something we all should wear regardless where we live and who we are. Clothes are available and can be bought in most street shops. Supermarkets are also beginning to sell clothes. Clothes are for keeping people warm or serving as protection from the strong burning sun. Certain items of clothing can be expensive, especially if they are made by a well-known brand. While clothing is affordable for most people, the price usually depends on the quality of the material used.

There are factors that affect the type of clothing people wear. These include the place, the culture of the society, the occasion and the weather conditions. Here in Kuwait, people still wear the traditional dress because it's a comfortable part of their heritage and reflects our Islamic culture. Men wear Dishdasha, Ghotra and Igal while women wear abaya.

The type of clothing we wear usually depends on the occasion. People that attend a wedding usually wear formal clothes. Men often wear suits and women wear dresses. Formal clothing is often worn in times of celebration. People often wear different clothing at work. Some jobs require people to wear a special uniform which should be worn by all employees. A pilot, doctor or air hostess may be required to wear a uniform so that all the staff can be easily recognised. Firemen wear special clothes that protect them from dangerous conditions like fires and smoke. Other jobs are less strict and may allow people to wear casual clothes. Construction workers are usually asked to wear protective clothing, especially when the site is considered highly dangerous.

People often choose to wear comfortable clothing inside their own home. This choice of clothing may be very different to the clothing they would normally wear outside. Some people even stay in the same type of clothes all day on the weekend when they plan to relax and not go anywhere. People often wear clothing which matches their lifestyles.
