#### **B- Reading Comprehension (16 Marks)**

#### Read the following passage carefully, then answer the questions that follow:

Padel tennis is a popular sport that combines traditional tennis and squash, making it a unique and fun game for players of all ages. The great thing about padel is that people of all skill levels can play <u>it</u>. The game is easy to play with a smaller playground than traditional tennis, which makes reaching the ball easier. The smaller playground also means that the game is faster than tennis.

Another reason why padel tennis is so much fun is that it is a doubles game. This means that you play with a partner, working together to hit the ball. This teamwork not only makes padel tennis more exciting but also improves social skills and cooperation among players.

So, if you are looking for a new sport to try or want to have fun with friends, padel tennis is a great choice. It is easy to learn, offers a unique and fast-paced game, and contributes to your overall health. Get out there, **grab** a racket, and start enjoying this fantastic sport today!
