B: Reading Comprehension (16 Marks)

Read the following text carefully then answer the question below:

The Olympics are an international sporting competition where thousands of athletes from around the world would gather and compete against each other. The Olympic Games celebrate physical strength and the hard work of well-trained athletes all over the world.

The Games began in Olympia, Greece almost 3000 years ago! The first few Olympics just had a running race that took place on one track and only lasted one day, but more events got added on later and it became a five-day event. The athletes would compete in sporting events like running races, boxing, wrestling, and horse races. In the past, there would only be one winner and he would receive an olive leaf crown. Nowadays, the three top winners get gold, silver and bronze medals at the end of each event.

The Olympics are held every four years in different countries all over the world. There are now four different types of Olympics games that suit different people: The Summer Games which originally started in Greece; The Winter Games which focus on snow and ice games; The Paralympics which allow disabled athletes to join; and The Youth Games which give athletes between the ages of 14 and 18 a chance to compete.
